

Metal Builder – Construction technology (m/f) (ID: BY-548-BAU)

The employer is a small handicraft company that produces almost exclusively individual pieces for private customers, companies, public and church clients. Its workshop is located in a commercial area in rural areas. A metalworker (m/f) or metal builder (m/f) is required. You expect a very interesting, varied and demanding work. The employer is ready to entrust you with entire projects after a reasonable training period.

Task:

- According to CAD drawing, making of steel constructions
- Railings, stairs, balconies, substructures for glazing such as terrace roofs
- Assembly of the finished work on the construction site (including the glazing of the canopies) by master, journeyman, helper
- Function as workshop manager (m/f) in case you have enough knowledge and willingness

Requirements:

- German language skills minimum A2 (stringently required)
- Completed training as a metal builder (m/f)
- From sawing, drilling, turning, milling to welding - inert gas and TIG, all typical works of a metal builder (m/f) should be controlled
- Work in the workshop should be done as independently as possible, there is still a young companion/assistant in the workshop working
- Applications from motivated entry-level employees (m/f) are also welcome
- Driving licence class B mandatory

Frame conditions and benefits for employees:

- Unlimited contract
- Working hours: full-time, flexible (40 hours/week)
- Performance-oriented payment in accordance with metal tariff Bavaria
- Contribution to the cost of work clothes and the cost of regular health and fitness training
- Occupational retirement provision and provision of a company car
- Trust in the team and good working climate
- Assistance in finding an accommodation
- Italian-speaking employees are already working in the company

Location: 85125 Kinding, Haunstetten, Bavaria, Germany
