Hornaas Musikk AS

# Violinmaker - 1 impiego

Norvegia (NO) 2 giorno(i) fa (20/11/2018)

Our shop is located in the center of Oslo. We are in the business of sale and repair of musical instruments and we have been a leading company in sale and repair of bowed instruments in Norway for many decades. Today we have 6 employees and an annual revenue of about 1.3 million EUR.

The work will mainly consist of repair and setup of bowed instruments and rehairing of bows. However, it will also include sales of instruments and accessories. Our customers are professional musicians as well as amateurs. An important part of our business is supplying music schools in Norway with instruments and equipment. We can offer an interesting and challenging job with abundance of experience possibilities, all in a dynamic and friendly environment with long and solid tradition.

Experience in repair of bowed instruments will be valued, but we will also encourage newly graduated violinmakers to apply. Knowledge of the instrument and accessories market in the industry is highly desirable, but not curtail, as initial support will be offered by our existing violinmaker and employees.

We will help the applicant to find apartment. We will also discuss costs for intervju and moving as a part of the total work agreement.
