

**Italia-Malta 2007-2013
Cross-Border Cooperation Programme**

STREETS

PROJECT TITLE	STRatEgia IntEgrata per un Trasporto Sostenibile_Italia-Malta
AXIS	1
PRIORITY THEME	Accessibility and eco-sustainable transport
ELIGIBLE ACTIONS	Operations that support coordination acts in the whole CBC territory in order to improve the efficiency of the port, the airport and an intermodal platform connection
PROJECT DESCRIPTION	<p>The project proposes to contribute to the improvement of the transport chain and to the enhancement of integration of multimodal transport in Sicily and Malta, in support of the TEN-T corridor 5. STREETS will provide in a concrete manner to the improvement of the knowledge of the transport system between and within the two islands through a joint mapping of the transport network, an integrated offer/demand inquiry and an appropriate strategy for the promotion of an integrated and sustainable transportation solutions. The entire project is supported by the development of a web-GIS platform essential for the political-administrative harmonization within an integrated transport system between the two islands. The web-gis platform will collect geo-referenced data about the transport system by promoting the simplification of the dialogue between the Public Administration of the involved territories, facilitating the planning, design, implementation and/ or joint monitoring, increase in quality and safety standards and, finally, the dialogue with citizens and stakeholder.</p>
PROJECT RESULTS	<ul style="list-style-type: none"> ➤ Mid-long term joint strategy to promote an integrated and sustainable transport system supported by a mapping of the area aimed at analyzing the mobility flow of people and goods
